Design Concept & Process:

In 1997, two of my neices and nephews had new babies. These two quilts were made as gifts to celebrate their arrival. Naturally their siblings and cousins also had a good time with the new quilts.

The piecing in both of these quilts was based on strips cut in the Fibonacci sequence of numbers (1-2-3-5-8-etc). The fabrics in the grid strips were hand dyed in gradations of color and value, and the background fabric was painted with dye in a variety of bright clear colors.
