Design Concept & Process:

I have always loved traditional log cabin quilts but wasn't interested in making one in a traditional way. This quilt was constructed like a traditional log cabin except that none of the blocks are square. Instead of using a rectangular grid I drew lines at various angles, so the blocks became quadrilaterals of different sizes and shapes.

The center fabric squares are a commercial novelty print, and the other fabrics used in this quilt are all from the "Gradations" collection, which I designed for Benartex.
