Design Concept & Process:

This is one of a series of quilts that combine zigzags, and curved shapes, in this case, logarithmic spirals. I turned my line drawing into separate shapes and filled the shapes with solid colors and gradations. Where the shapes crossed, I used different colors, which makes every shape appear transparent. The design was printed on cotton fabric by Spoonflower. The quilting was done with many different thread colors and patterns. The backing fabric is from my *Splash* collection for Benartex.
