

In 2022, my quilt Aquarium #2 was accepted into a SAQA Traveling Exhibition titled Fur, Fangs, Feathers, & Fins. It premiered at the Arizona Sonora Desert Museum's Ironwood Gallery in April 2022. Ron and I decided to go to the opening and spend a week in Tucson. We love the free flight show at the museum, so we bought memberships so we could go several days in a row. Here are some of the photos we took at the museum and other spots near Tucson. ENJOY!!
